Welcome...

to the LCA Tackle Product Catalog 2021.

2020 can at be called a special year.

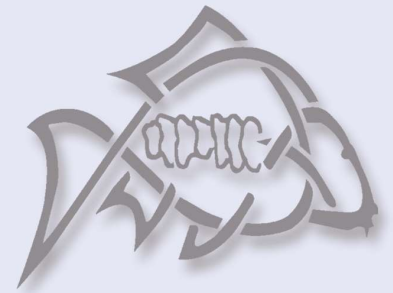

All of the covid-related problems with fishing, we have managed to launch new products and expand on existing products.

We have extended our existing FSC25/35 range with the green variant, which makes it even less noticeable on vegetated soil. In addition, we have added "Carp Care" products to our range;

- Landing net
- Landing net + handle
- Floater
- Weight Sling

Not to mention our own 10ft rods.

Small material

Small material

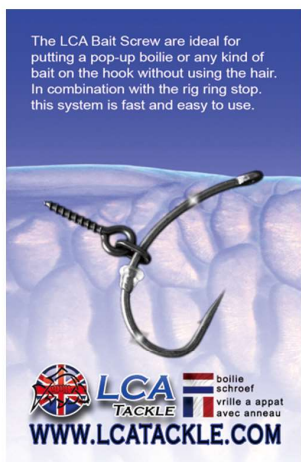

The “small material” is underestimated by many fishermen, while it is the most important thing in our sport. The last 20 centimeters often determine catching or blanking. Everything stands or falls with the bait presentation. That is why LCA Tackle has released a lot of small material to perfecting our rigs where quality is more important than quantity.

Rig ring stop

The LCA Rig ring stop can be put on the hook to stop a rig ring, micro swivel or bait screw from moving. This will make sure that your bait is always on the right position of your hook. The rig ring stops are transparent which makes them invisible for the carp. The rig ring stops are packed by 20 pieces.

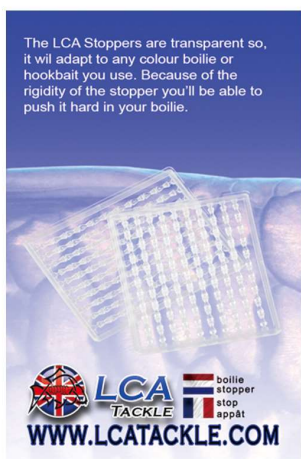

Articleno.	Description	Price
SRR	Rig ring stopper	€3.50

Baitscrew

The LCA Baitscrew is a clever product to attach a pop up or other bait to your hook. Thanks to the bait screw, you don't need to use a hair and a baiting needle. You can simply attach your bait to the screw by screwing it on. Use the LCA bait screw in combination with the LCA rig ring stop to ensure that your hookbait is always in the right position. The LCA bait screws come in packages of 15 pieces

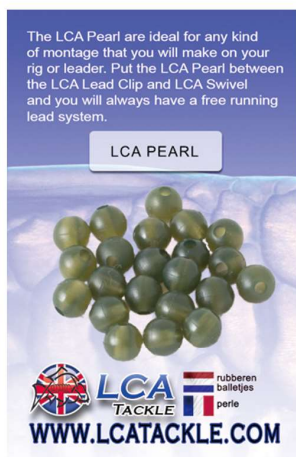

Articleno.	Description	Price
BSC	Baitscrew	€3.50

Boilie stopper

De LCA Boilie stoppers can be used to prevent your hookbait from sliding off the hair. The boilie stops have a transparent colour which makes them fit with any kind of bait. The boilie stops are made from hard plastic and definitely won't break or tear. Due to the hardness of the material, you can push the boilie stops inside your hookbait to hide them even better. Packed away in two pieces.

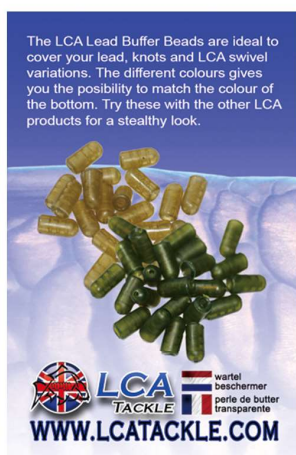

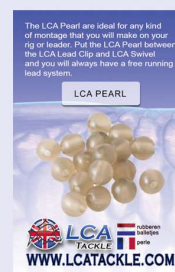

Articleno.	Description	Price
SB	Boilie stopper	€2.00

Pearl

The LCA Pearls can be used in many different ways. Place a bead between a lead clip and a swivel, to create a running rig system. The beads are available in three different colours and there are 30 beads in a pack.

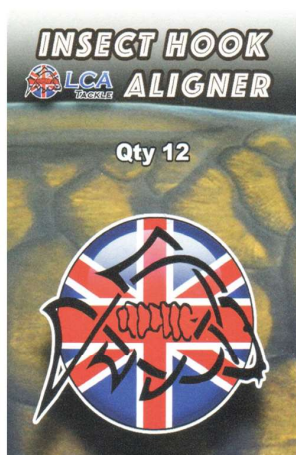

Articleno.	Description	Price
PRTG	Pearl - transparent green	€3.50
PRYB	Pearl - transparent brown	€3.50

Lead buffer beads

The LCA Lead buffer beads are ideal to cover up your lead, knots and swivels. The buffer beads are available in two different colours, to match the colour of the bottom. One pack contains 20 buffer beads.

Articleno.	Description	Price
BBTG	Lead buffer beads - transparent green	€3.55
BBTB	Lead buffer beads - transparent brown	€3.55

Insect hook aligner

The insect hook aligners have the same effect as the regular line aligner or heat shrink. They ensure that the hook is screwed in properly. The imitation insect gives your hookbait extra appeal. Because of the 4 different colors you can work on any desired surface.

Articleno.	Description	Price
INSHA 12	Insect hook aligner	€4.50

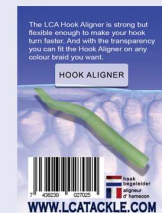

Hook aligner

The LCA Hook aligner will make your hook turn faster in the mouth of the carp. The aligner is made from plastic with the perfect balance between rigid and supple. This makes the aligner keep its shape even after multiple catches. The aligner has a transparent colour so it fits every type of rig material. One package contains 15 hook aligners.

Articleno.	Description	Price
LATB	Hook aligner - transparent brown	€3.75
LATG	Hook aligner - transparent green	€3.75

Anti tangle sleeve

The LCA Anti tangle sleeve will make sure that your rig won't tangle. The anti tangle sleeve fits perfectly on our swivel variations, such as the quick change swivel. The sleeve is available in two colours and one pack contains 15 sleeves.

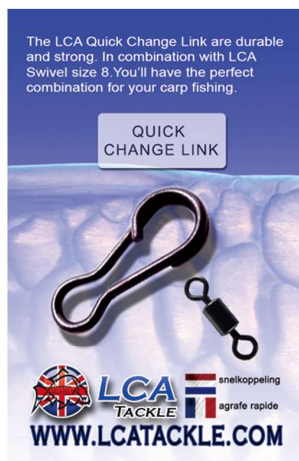

Articleno.	Description	Price
ATTG	Anti sleeve tangle - transparent green	€3.75
ATTB	Anti sleeve tangle - transparent brown	€3.75

Spinrig swivel

With this Spinrig swivel you can easily create the popular spinner / ronnie rig. You no longer have to bend out of the swivel. You can easily attach the open side to the eye of your hook and close the opening with a heat-shrink tubing.

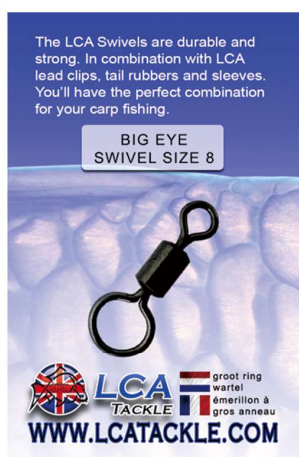

Articleno.	Description	Price
SPR11	Spinrig swivel	€3.75

Quick change link

The LCA Quick change link is very strong and durable. The quick change link allows you to quickly change rigs, and is easy to combine with for example the LCA swivels. The quick change links come with 15 pieces in a pack.

Articleno.	Description	Price
QL8	Quick change link	€3.75

Big eye swivel size 8

The LCA Big eye swivel has, as the name suggests, an extra large eye on one side of the swivel. This makes the swivel ideal to use in for example a helicopter system, where the big eye can easily slide over the main line. The swivel is a size 8 and a package contains 20 pieces.

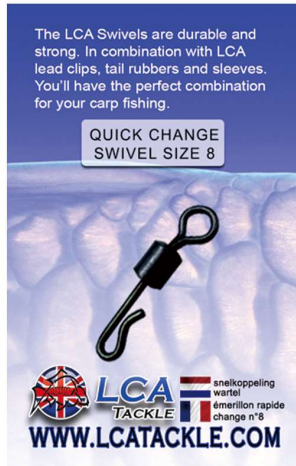

Articleno.	Description	Price
BE8	Big eye swivel size 8	€3.75

Swivel size 8

The LCA Swivel is a very strong swivel which you can use in different manners. For example, use it to attach your mainline to your rig, in combination with a lead clip system. The swivel is a size 8 and there are 20 swivels in a package.

Articleno.	Description	Price
SW8	Swivel size 8	€3.75

Quick change swivel size 8

The LCA Quick change swivel is ideal when you want to quickly change between rigs. The quick change swivel is extremely strong and great to use in combination with the LCA anti tangle sleeve. The swivel is a size 8 and there are 10 swivels in a package.

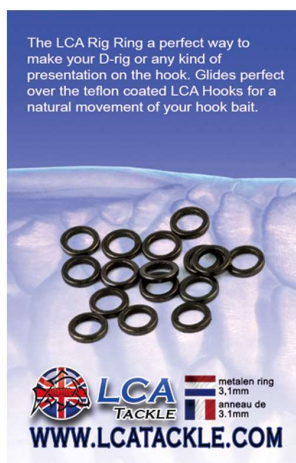

Articleno.	Description	Price
QC8	Quick change swivel	€3.75

Flexi ring swivel size 8

The LCA Flexi ring swivel is a swivel with an extra large ring attached. This larger ring makes this swivel perfect in for example a helicopter system, where the large ring can move freely over the main line. The swivel is a size 8 and a package contains 10 pieces.

Articleno.	Description	Price
FR8	Flexi ring swivel	€3.95

Rig ring

De LCA Rig ring is perfect to use in for example a D-rig or a chod rig. The ring can also be put directly on the hook, between the LCA rig ring stops. The rig ring has a diameter of 3,1 mm and come in packages of 20 pieces.

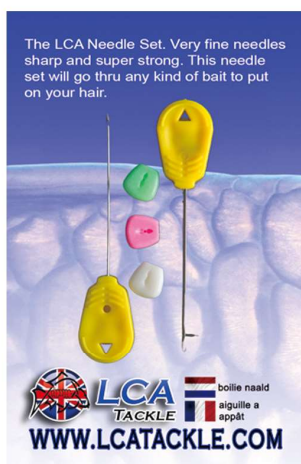

Articleno.	Description	Price
RR3	Rig ring	€3.50

QC ring swivel size 11

The QC Ring swivel from LCA has the standard size which can be used for various purposes, such as the Ronnie and Spinner Rig.

Articleno.	Description	Price
QCRSW11	QC ring swivel	€3.75

Boilie needle set

De LCA Boilie needle set consists of two different boilie needles, to suit your needs in every situation. The boilie needles have a very striking yellow handle, so they are easy to find in situations with few or no daylight.

Articleno.	Description	Price
BNS	Boilie needle set	€3.75

Knot puller

The LCA Knot puller set consists of two pullers. These pullers can be used to strengthen up your knots on the line, or other connections like leader knots. The Knot Pullers have a very striking yellow handle so they are easy to find, even in low light conditions.

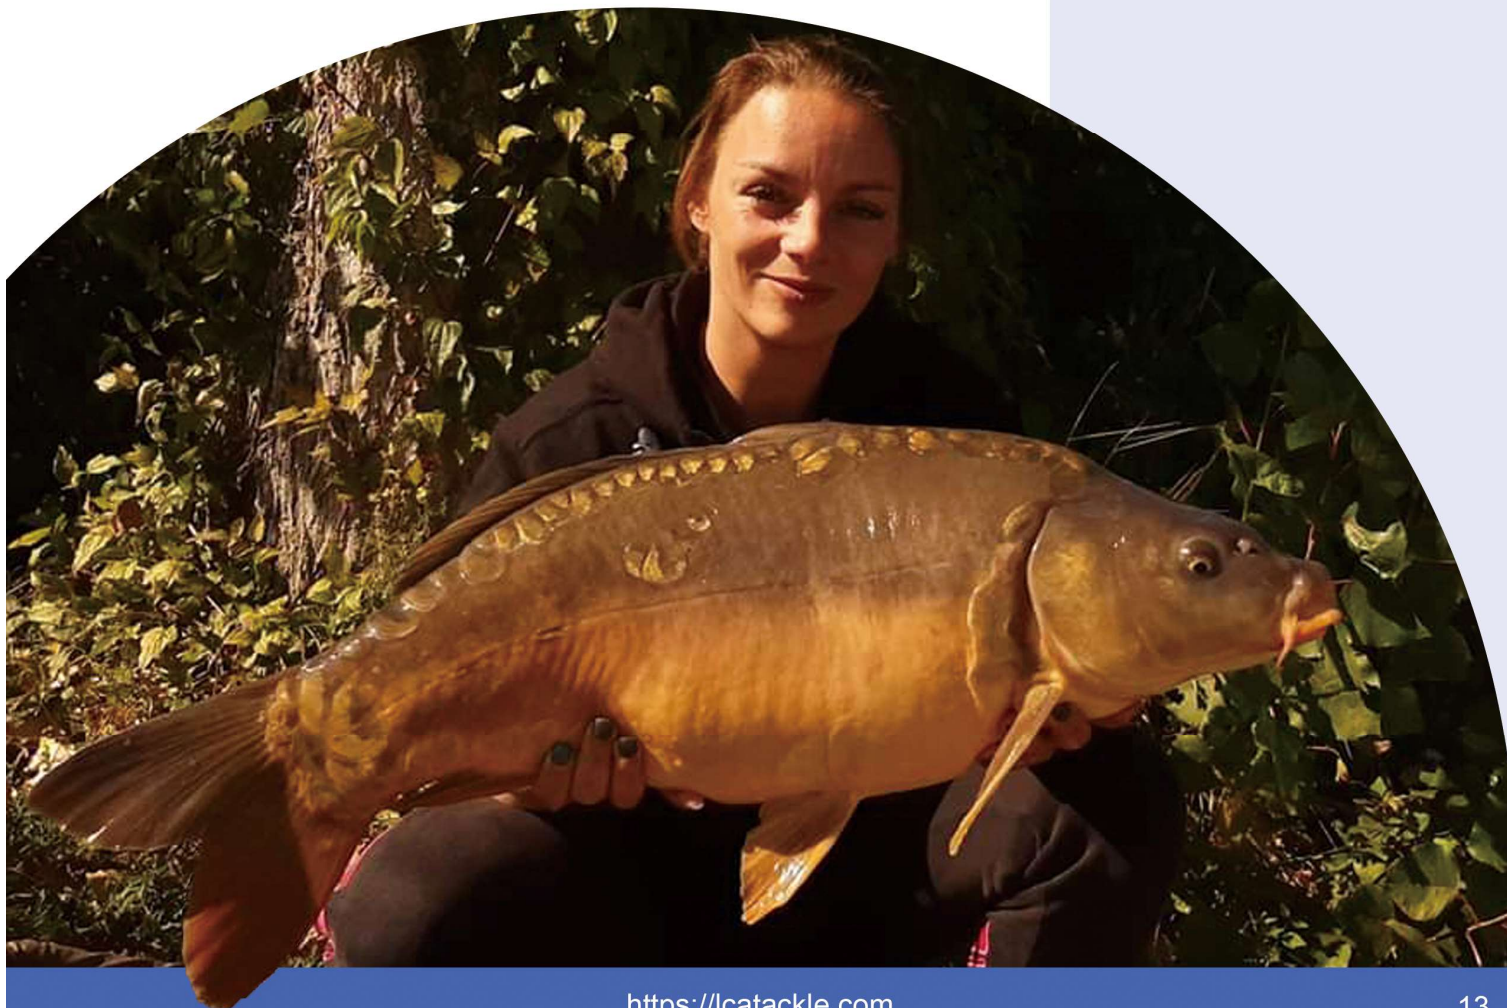

Articleno.	Description	Price
KNP	Knot puller	€3.75

Crystal wire

The Crystal wire is very abrasion resistant, despite its small diameter. This material is perfect for chod rigs and hinged stiff rigs. The material can easily be formed in the right shape, even with your fingers! This makes it easy to re-shape your rig to the right position after a bite. The material comes in two colours: white and green.

Articleno.	Description	Price
CW25	Crystal wire - white	€9.50
CW25G	Crystal wire - green	€9.50

Glow in the dark

These very special LCA Pop-up maizes have unique glow in the dark features. This feature makes the fake maizes a lot more visible underwater. The glow in the dark versions in our fake food range are perfect to present your hookbait in a unique way, for example in a snowman presentation. The fake maizes also make your hookbait lighter, due to the bouyancy of the maize, which makes it easier for the carp to pick up your hookbait. Our glow in the dark maizes come in two different colours and a package contains 15 pieces.

Articleno.	Description	Price
PMGW	Glow in the dark - wihite	€3.75
PMGG	Glow in the dark - green	€3.75

Pop-up sweetcorn

Our pop-up fake maizes are ideal to use in for example a snowman presentation. Fake maize are an easy way of making your hookbait more striking. Fake maizes also make your hookbait lighter and easier to pick up for the carp, due to the buoyancy of the maize. Our fake maizes come in different colours and one package contains 15 pieces.

Articleno.	Description	Price
PMY	Sweetcorn - yellow	€3.75
